

Field Report

Client::	NOAA	Project::	Job #4113 – USBL ROV Positioning
Vessel:	M/V Ronald Brown	Location:	VK #989 & SP #62 area, Platform
Date:	September 16, 2003	Task:	Biomedical Specimen collection
Report No:	006	Dive No:	Dive #15 & #16 with Innovator ROV

The following biomedical research collection sites were taken while positioning the Innovator ROV. The area we are in is Viosca Knoll #989 and area South Pass #62. These locations are considered field ties and are subject to further review by C&C technologies.

VK #989 Research Sites

Oil rig location

Northing	10518658.20 ft	Easting	1120659.04 ft
Latitude:	N 28° 58.3820"	Longitude:	W 88° 37.5590"

SP# 62 Research Sites

South East leg of Apache platform

Northing	10562432.21 ft	Easting	1090779.73 ft
Latitude:	N 29° 05.5346"	Longitude:	W 88° 43.2851"

Note: All Coordinates are in: World Geodetic System 1984
Universal Traverse Mercator, Zone 16 N
Central Meridian 87° 00' 00" West
Units are US survey feet
