Dear Chris,

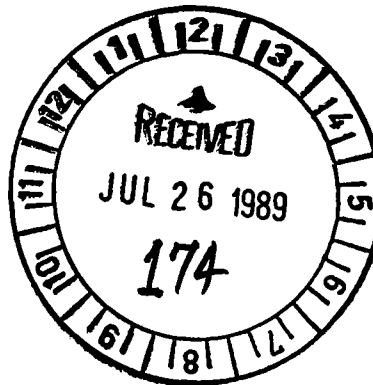

Please find enclosed one magnetic tape, plus specifications, containing an update as of 11th July, 1989 of our CSIRO XBT data in TOGA format.

The last 10 files on the tape are repeats of data sent before. We received a letter from Jean-Paul Rebert, in Brest, saying that they were unable to read several files sent on a previous tape. These files contained data from the Australian Progress (VMAP) voyages 85N, 85S, 86N, 86S, 87N, 87S in 1986 and voyages 88N, 88S, 89N, 89S in 1987. He thought you might have had the same problem.

Yours sincerely,

A handwritten signature in cursive script, appearing to read "Helen Phillips".

Helen Phillips.
