Aloha Doug,

The enclosed report contains a multidisciplinary dataset in tabular form. The data originators have been contacted and the original digital version is not recoverable. (It was stored in an old HP format on tapes that are now not readable). I've kept a copy for my office. Perhaps resources are available at NODC for digitizing it. If action is taken, please keep me informed.

*Paper copies
originals to OCS for key entry*

Best Regards,

Mr. Patrick Caldwell
