VIRGIN ISLANDS NETWORK OF ENVIRONMENTAL EDUCATORS

Starfish and sand dollars are living animals. They find food in shallow sea grass beds. Enjoy them by observing them in their natural habitats.

Take your memories home and Leave Paradise in its Place.

Old Conch shells are
hideouts for octopus
and other sea creatures.
leave them as a shelter
and haven for sea life.

Take your memories home and Leave Paradise in its Place.

Endangered sea turtles use our beaches by digging nests and laying their eggs under the sand. Be careful where you place your beach items.

Take your memories home and Leave Paradise in its Place.

Pieces of coral and other marine life that wash up on the shore today, break down and help form the white sandy beaches of tomorrow. Please, do not remove anything other than trash from the beach.

Take your memories home and Leave Paradise in its Place.

Hermit crabs change their sea shell houses as they grow. Assure these creatures a home by leaving empty shells on the beaches and in our waters.

Take your memories home and Leave Paradise in its Place.
