- On 3 March, heavy rainfall - with more than 200 mm in 4 hours - was recorded across the Corrientes City area, Corrientes Province, northern Argentina and surroundings causing floods and resulting in evacuations and damage.
 - According to the International Federation of Red Cross And Red Crescent Societies, almost 1,000 people have been evacuated, 700 families have been sheltered, at least 400,000 people have been affected, and 17,000 experienced power cuts and floods in their houses.
 - The government of the Corrientes Province declared a State of Emergency following the events.
 - On 6 March drier conditions are expected while on 7 March heavy rain with thunderstorms is forecast across the affected city.
