

International Tree Ring Data Bank (ITRDB) Advisory Committee

The World Data Service for Paleoclimatology manages the International Tree-Ring Data Bank (ITRDB), the world's largest public archive of tree ring data. Oversight is provided by the ITRDB Advisory Committee.

The Advisory Committee has the following members:

| <u>Member</u> | <u>Affiliation</u> |
|----------------------|--|
| Peter Brewer (chair) | University of Arizona |
| Kathy Allen | University of Tasmania |
| Ulf Büntgen | University of Cambridge |
| Ed Cook | Lamont-Doherty Earth Observatory, Columbia University |
| M. Eugenia Ferrero | Consejo Nacional de Investigaciones Científicas y Técnicas |
| Xiaohua Gou | Lanzhou University |
| Esther Jansma | Cultural Heritage Agency of the Netherlands |
| Alexander Kirdyanov | University of Cambridge |
| Jonathan Palmer | University of New South Wales |
