Day 2: Issues to Consider

- **What are your concerns about funding continuity and transitioning?**

- **Transfer of data sets vs. Transfer of generation capability**

- **Standards – seeking team to recommend coding, portability, format and metadata standards**
  - **Sci- to- Ops code conversion – Who?   How?**

- **Decisions on transitioned product generation: Gov maintains control in good partnership/dialog with PIs**

- **Stewardship Teams vis- à- vis Product Development Team**
- **Community review approach**
