The National Hurricane Center normally issues public advisories on their website and to the media for Atlantic tropical cyclones every six hours at 5:00 AM EDT, 11:00 AM EDT, 5:00 PM EDT, and 11:00 PM EDT. Intermediate public advisories are issued every 3 hours when coastal watches or warnings are in effect. Additionally, special public advisories may be issued at any time due to significant changes in warnings or in the cyclone.

NOAA WEATHER RADIO

Not manufactured by NOAA, NWR receivers can be purchased at many retail outlets and on the Internet

NOAA Weather Radio (NWR) All Hazards is a nationwide network of radio stations broadcasting continuous weather information directly from a nearby National Weather Service office. NWR broadcasts National Weather Service warnings, watches, forecasts, and other hazard information 24 hours a day.

South Carolina 511

511 is the national three-digit telephone number for travel information. Travelers can dial the three-digit number on traditional landline telephones and many mobile phones.

The South Carolina Department of Transportation manages the "SC511 Travel Information Service", a voice-activated phone system and a website that provides real-time traffic and travel information to travelers statewide. It is an easy to remember way to access important information on road conditions, and construction via the web at or phone - 24/7. Travel information is currently disseminated to the public using Highway Advisory Radio, and Dynamic Message Signs. 511 in South Carolina was implemented in 2010. The South Carolina system is part of a national effort.

Types of Information Available

- Traffic incidents and major closure on Interstates, US Routes, and State Routes in South Carolina
- Amber Alerts
- Links to Neighboring States 511 Phone System
- South Carolina Highway Patrol
